Dear Mr. Post:

On behalf of the City of Boulder, I would like to extend a brief note of thanks to your firm for a job well done!

Centennial's performance during our current on-call design services contract has been terrific. The broad technical expertise you have provided the City for various projects throughout the 28<sup>th</sup> Street corridor in Boulder has helped us immensely. I especially appreciate Centennial's responsiveness to our all-too-frequent requests for support, and your ability to deliver first-rate construction documents despite our aggressive (and often concurrent) design schedules.

Thanks again for all of your hard work. We look forward to continuing our relationship into 2005 and beyond.

Very Sincerely,
