Re: *Commendable Performance*
 ITS Program / System Management Contract

Dear Mr. Sabinash:

We wish to express our appreciation for the fine work being done by Centennial Engineering in assisting the Colorado Department of Transportation (CDOT) to advance CDOT's statewide Intelligent Transportation Systems (ITS) Program.

It is a pleasure working with you and your staff – and with a firm that understands the importance of customer service. Your responsiveness, professionalism and can-do attitude place Centennial a level above your competition. More importantly, we feel many of the positive strides we have recently made in the CDOT ITS program are directly attributable to your active participation.

It is evident you and your firm care as much about the success of ITS in Colorado as we do and we appreciate your involvement as a true stakeholder and valued teammate. We look forward to continuing this work with you in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank D. Kinder", is written over a light blue horizontal line.

Frank D. Kinder, P.E.
Director – Colorado Transportation Management Center
Colorado Department of Transportation ITS Branch
